

Primary 4 Learning at Home Plan

Week beginning: 15.06.2020

Last two weeks of Primary 4!

<p><u>What are you grateful for?</u></p> <p>Write or draw all the things that you are thankful to have during this time! It could be family or physical objects like your bike or lego.</p>	<p><u>Sports Day Medals</u></p> <p>Design a new medal for sports day! You can even use different materials to try to make it... get creative!</p>	<p><u>End of year reflections</u></p> <p>Now we are nearly at the end of our school year, have a think about everything you have achieved. What are 3 things you could not do in August but can do now?</p>
<p><u>Hopes and Dreams</u></p> <p>What do you want to achieve in the near future or even the distant future? What would you like to be when you are older? Create and design a balloon showing the skills and activities that you want to get better at or achieve in the future. What will it take for you to meet your hopes and dreams? You can decorate it or even put a photograph of yourself on it! Hang it up somewhere so you are soaring into the sky!</p>	<p><u>Sports Day Activities</u></p> <p>Host a sports day in your garden or local area. Create events and see if you can earn one of those medals. If you have someone visiting to compete remember your event needs to be 2 metres apart. Remember to upload to Seesaw some photos or videos.</p>	<p><u>Thinking about Primary 5</u></p> <p>Think about what you would like to share with your Primary 5 teacher. Write them a letter or short note with any information, worries or hopes about the next year. You can either keep this till August to hand over to them directly or upload and it will be passed on.</p>
<p><u>What makes you unique?</u></p> <p>Have a discussion about what are the similarities and differences between each of you in your family.</p> <p>Draw a picture of yourself and write down all the things that make you feel special.</p>	<p><u>Get Active...</u></p> <p>Can you remember the Sid Shuffle from Ice Age 4?</p> <p>Remind yourself here: https://www.youtube.com/watch?v=uMuJxd2Gpxo</p> <p>Make up a new dance routine to your own music.</p>	<p><u>Draw/ Paint a Landscape</u></p> <p>Take some paper and pens, paint etc to a spot that you consider to be beautiful. It could be your garden, somewhere in your house etc. Draw or paint a landscape of what you see. You could even gift your artwork to somebody you care about.</p>
<p><u>Who is important to you?</u></p> <p>Write about or draw someone who makes you feel loved and cared for. Draw a picture and around the outside write down all the things that you love about them. What do they do to make you feel special?</p>	<p><u>High Scores!</u></p> <p>Record and share your high score for how many times you can do it in a minute. 1. Jumping jacks 2. Skip forwards with a rope 3. Skip backwards with a rope 4. Burpees 5. Throw an object up high above your head and catch it</p>	<p><u>Make your community safer</u></p> <p>Think about the walks you have been going on with your family as part of your daily exercise. Is there a part of your route which is not safe? Create a poster highlighting the dangers and what could be done to make it safer.</p>
